

Bhaskara Bhava Deepika

(In the year Kali 4715)

Chapter I

Effects of the first house

The following are the effects produced by planets posited in the 1st house :-

Sun in the lagna bhava but below the horizon - quick in picking up education; moneyed; craving for girls; inclined to be engaged in inferior professions; bereft of house; lacking in perseverance; funky and unsteady mentally; bereft of wife and children.

Moon - Almost always in bitter terms with public; sickly throughout life; moderate wealth; beautiful hair; enjoyments of a high order. If Moon is debilitated or conjunct with a malefic - Poor quality food and drinks.

Mars - Dental troubles; lean body; highly bilious and phlegmatic; dark blood; fickle minded; cruel in his actions; engaged in daring professions; not well dressed; almost always without much happiness in life; sinful.

Mercury - Broad built body; dark wheat complexion; broad mind; ability in writing; sweet talk; speaks truth; knowledge of scriptures; helpful to relatives; liked by public.

Jupiter - Deep knowledge of various scriptures; happy; charitable; respected by many; has many good deeds to his credit.

Venus - Charitable; respected by many; proficient in various arts done by hands; his looks and deeds attract young women.

Saturn - in debilitation/enemy sign - A person of mediocre status; bereft of happiness; rheumatic pains; dull in activities; suffers poverty.

Rahu - Sickly throughout; utters lies; sinful; quarrelsome; haughty and deceitful; ill-dressed; questionable gains; very courageous.

Ketu - Over-sized stomach; bereft of mother; his dynasty/family will cease with him; sufferings from heart diseases and sorrow thereby.

If lord of Asdt is conjunct with a benefic or occupying the deep exaltation degree which happens to be a quadrant/trine or with benefic aspect/conjunction of lord of 10th or in own house which happens to be a quadrant/trine - Good luck, reputation, financial prosperity and enjoyments of a high order.

If lord of Asdt is in a quadrant/trine with aspect/conjunction of a benefic; failing connection with a benefic, the lord of Asdt should be posited in a sign owned by benefic, which happens to be a quadrant/trine - Reputation; never hears anything adverse about his character.

If lord of Asdt is strong and/or Jupiter is in quadrants of Asdt, the native will have enjoyments and happiness.

If lord of Asdt is conjunct/aspected by a benefic, the native will have wife, children, friends and happiness.

If lord of Asdt is very strong with aspect of a benefic and is posited in a quadrant, the native will enjoy world-wide reputation, kingly paraphernalia, possesses many praiseworthy qualities and full span of life. Malefic Yogas affecting longevity get nullified.

If malefics do not occupy quadrants/trines/2nd whilst lord of Asdt and Venus are standing in 4 and/or 8th, the native will be charitable and prosperous enjoying longevity upto 100 years free from diseases. Further, during the sub-periods of lord of Asdt and Venus, he will enjoy happiness in various directions.

If lord of Asdt has vargothamamsa, exalted navamsa or navamsa in own house and has in addition, aspect/conjunction of a benefic, the native will enjoy happiness comparable to that of a King Raja Samaana Bhoga.

If lord of Asdt is in 12 or debilitation or in enemy house or is otherwise weak, such natives spend their life time away from birth place.

If lord of Asdt is exalted or in moolatrikona or own/friendly house, which happens to be a a quadrant/trine/2nd from Asdt, such natives spend their life time in their place of birth. sloka #18.

If lord of 4th is posited in sign owned by a benefic, in company of Jupiter, whilst the lord of Asdt is enjoying status as outlined in the previous (above) sloka #18, the native will be spending his life time a holy place.

In spite of an enemy to lord of Asdt being posited in Asdt, if lord of Asdt enjoys status outlined in the sloka 18 above, the native will be spending his life time in his place of birth.

If lord of Asdt is hemmed in between planets who are inimical to him, the native will be troubled by his enemies.

if such lord of Asdt (hemmed in between enemies) is conjunct/aspected by a benefic, the native will be free from troubles from enemies.

Itches & Boils

Whilst the lord of Asdt is in 3/6/8/12, the Asdt is occupied by Rahu/Ketu, the native will suffer from itches/boils etc.

Moon & Rahu in Asdt in the above Yoga signifies deformity in limbs in major/sub-period of Moon/Rahu

Conjunction of lord of 6th with Rahu/Ketu signifies sufferings from boils etc.

Bodily happiness

The native will have no bodily happiness if lord of Asdt is standing in 6/8/12 in company of a malefic or lord of 6th/7th.

The presence of a malefic in Asdt even with lord of Asdt indicates that the native will become weak. Lord of Asdt and a malefic standing in quadrant/trine indicates not only weakness but also sufferings from diseases.

Sickly & Short-tempered

If the dispositor of lord of Asdt is standing in 6/8/12, the native will be short tempered and suffer occasional sickness.

Stature & Complexion

The lord of Asdt should be looked to in regard to the stature, complexion etc. concerning a native.

Lord of Asdt and the planets aspecting the Asdt denote shape and looks of a native. Planets posited in Asdt (other than the lord of Asdt) confer effects based on their lordship.

If benefics are standing in exaltation/moolatrikona/own/friendly house, the prosperity of the native will be from birth place; malefics similarly placed in Asdt indicate prosperity away from birth place.

If Asdt falls in a movable sign, lord of Asdt happens to be a movable planet, aspected by or conjunct with a movable planet, indicates that the native will enjoy prosperity arising from a foreign country. Fixed sign and fixed planets indicate much greater luck and prosperity within the country.

Chara or Movable Planets are :- Moon, Venus & Mercury

Sthira or Fixed Planets are :- Saturn, Mars & Jupiter

based on the Authority of sloka #88, Chapter I of Sarwartha Chintamani

Longevity

If the lord of Asdt is strong and is posited in quadrant/trine, in spite of the presence of strong malefic Yogas that may indicate poor longevity, the native will enjoy long life.

If Mars and Moon are standing in Asdt whilst Mars happens to be the lord of Asdt, and Sun, Moon, Venus and Saturn are standing in friendly signs, there will be fame, luck and growing prosperity.

Benefic in Asdt whilst the lord of Asdt is aspecting the Asdt, indicates daily growth of prosperity & happiness. Nityam Bahu Mangalani.

Chapter II

Dhana Bhava - Effects of the 2nd House

The following are the effects produced by the planets posited in the second house :-

Sun - Bereft of wife and children; lean body; suffers from eye diseases; ill-dressed; possesses wealth in the form of copper and steel; frequent travels; suffers many a sorrow.

Moon - Renouncing spirit; sensible; birth in a wealthy family; good looks; changes his looks frequently; very happy; reputation and prosperity; bright broad face; fair complexion.

Rahu - Under-sexed; very proud; suffers many a sorrow; flesh eater; lives in untidy houses always.

Ketu - Courageous; tendency to incite quarrels; inimical to his own relatives; unkempt and unshaven; blameworthy; sinful; buffoonery.

Wealthy

If lords of 1, 2 and 11 stand in 1, 2 and 11 respectively, good wealth is indicated.

Wealth & Reputation

Exchange of signs between lords of 2 and 11 and the planets concerned stand in friendly signs or the two lords stand in 2 & 11 respectively with exaltation/moolatrikona --- indicates that the native will earn much and have reputation.

If lords of 2 and 11 conjoin in Ascendant whilst they both happen to be mutual friends, the native will become very wealthy.

If lords of 11th and Ascendant together stand in Asdt, much wealth and reputation is indicated. If they stand in 2nd or aspect the 2nd house, much wealth is indicated.

Financial Gains - When ?

The native will enjoy good income or earn well during the major period of planets aspecting the 2nd and lord of 2nd, but particularly when the major period lord is connected with Jupiter in transit. In other words, the periods when Jupiter is conjunct with or aspects the major period lord (who is aspecting the 2nd or standing in the 2nd or happens to be lord of 2nd) bring in greater income for the native.

Income referred to in the previous sloka will arise from outside the birth place, if lord of Asdt is posited in a movable sign or a movable planet happens to be the lord of major period.

If the planets are fixed, income will arise from within the country

Even the major period of lord of 2nd placed in 6/8/12 with dispositor thereof in exaltation/own/friendly house confer financial prosperity.

If the lord of 2nd, planets in the 2nd, planets aspecting the 2nd and the significator for 2nd, Jupiter, - all the four planets, if strong, there will be great income.

Out of the 4 planets mentioned, assuming one of them is strong and the remaining 3 are weak, and if the one planet that is strong happens to be malefic, there will be loss of wife.

From the nature and direction of the sign occupied by lords of 2 and 11, the source and type of income could be deciphered. Delineation of the type and source of income could be accurately done when the said 2 planets exchange signs or are posited in quadrants.

If lords of Asdt and 2nd are strong and occupy quadrants/trines whilst both the Asdt and 2nd are aspected by benefics, the native will earn wealth from his community.

If lord of 2nd is strong and is in 2nd whilst a strong benefic is posited in 11th, there will be good gains.

If lords of Asdt and 2nd are in quadrants which happen to be exaltation/own/friendly houses for them, good gains are indicated.

If lords of 2 and 12 exchange signs whilst lord of 11 is standing in 6/8/12, the native would be called upon to make very heavy expenses.

If lord of 2nd is weak, Jupiter in 12th whilst there is a benefic aspect on Asdt, there will be minor gains but heavy expenses.

If lord of 2 is in 6th or 12th, whilst lord of 12th is occupying a malefic sign with malefic aspect, little income is indicated.

Lord of 2 in a sign owned by a benefic, which happens to be a quadrant/trine and at the same time is conjunct with the lord of 2nd, the native will have higher education coupled with good earnings. Similarly, if lord of 5 occupies a quadrant/trine in company of a benefic, higher education would result.

The larger the number of strong planets in association with the lord of 2nd/9th, the greater will be the gain of wealth.

In company of malefic(s), if Venus, lord of 2 and lord of 7 are posited in dusthana (6/8/12) either all in one sign or one in each sign, there will be loss of as many wives as there are malefics in conjunction with Venus or lord of 2/7.

If lord of 2nd is in company of Venus standing in 6/8/12 conjunct/aspected by lord of Asdt, loss of eye is indicated.

Lord of 2 in 6/8/12 indicates that the native may have defective speech or become dumb, depending upon the severity of affliction; if the sign occupied by lord of 2, in spite of being a dusthana (6/8/12), if it also happens to be exaltation/friendly house, there will pro-rata reduced malefic effects.

Lords of 2 and 5 with Mercury, if standing in 6/8/12, speech will be affected; if they are standing in quadrant/trine, the speech of the native will depend on the strength of the planets involved.

Financial status of a native has to be decided first with reference to the planets posited in the 2nd, next the aspects thereto, then the lord of 2nd and lastly, Jupiter, the significator for the 2nd house.

If lord of 2nd in conjunction with a benefic is standing in quadrant/trine, which also happens to be the exaltation/own/friendly house or aspected by benefic or masculine planet, the native will become a great orator.

Astronomy

If Mercury is exalted in 2nd, whilst Jupiter is in Asdt, Saturn in 6th, the native will become a mathematician/astronomer.

Powerful Jupiter, Venus, lord of 2nd - all standing in one sign in the 2nd house, indicates that the native will become an eminent expert in Semantics.

The same Yoga arises when the 3 planets are posited in signs other than the 2nd house, but with reduced effect.

Jupiter/Venus in exaltation/moolatrikona with aspect of Sun or Mars indicates that the native will become an eminent logician.

Whilst Jupiter/Venus is in quadrants, if Mercury who is also in quadrant/trine, happens to be either the lord of navamsa occupied by lord of 2nd or the dispositor of 2nd house lord, the native will possess knowledge of all scriptures. Aspect of Full Moon or Mercury is also required.

Jupiter, Venus, Moon, all of them or any two or any one, in quadrant/trine, conjunct/aspected by Mercury confers knowledge of philosophy.

A native having Jupiter in 4th conjunct/aspected by Mercury will become a linguist.

Chapter III

Mars - bereft of siblings; lean body; enjoyments in various direction; capable.

The number of brothers a native will have is determined by the navamsas attained by :-

the 3rd bhava madhya

the lord of 3rd house

navamsa attained by Mars

preferably the strongest amongst the three.

The following 5 Yogas indicate that the native will have siblings :-

Whilst a benefic is standing in 3rd, if lord of 3 is standing in quadrant/trine conjunct or aspected by benefic

If lord of 3 has vargothamamsa and/or stay in quadrant/trine or the lord of 3 is conjunct with a yoga karaka or has navamsas in a sign owned by a benefic or stay in a benefic sign.

Lord of 3 in exaltation whilst the significator for brother, Mars, is in quadrant/trine or aspected by a benefic.

Moon with lordship over 3rd has the aspect of Sun, whilst significator for the 3rd is in a quadrant.

Lord of 3 in 3rd or exaltation/moolatrikona and is strong.

Brothers Only

If significator for brothers, Mars, is standing in a masculine sign aspected by Jupiter/Sun or whilst a masculine planet is standing the 3rd, the native will have brothers only.

Similarly feminine planets in and aspect of feminine planets to 3rd should be considered in regard to sisters.

Saturn & Mercury or their classifications denote eunuchs.

If Moon sign happens to be stronger than Ascendant, consideration should be given to 3rd from Moon instead of Asdt.

If lord of 3 and Mars are in 6/8/12, loss of brothers/sisters is certain. If they are posited in signs other than 6/8/12 aspected by a malefic, the first born will thrive whilst the rest may perish depending upon the severity of the Yoga.

If lord of 3 is in 6th or debilitation whilst a malefic occupies the 3rd without benefic aspect, loss of brothers will occur.

Lord of 3 with malefic posited in a house owned by a feminine planet or aspected by a feminine planet indicates birth of a few brothers and more of sisters.

Lord of 3 standing in a masculine sign denotes brothers.

Lord of 3 standing in a feminine sign denotes sisters.

A malefic in 3rd, even if aspected by Jupiter or benefic, will still cause loss of some brothers/sisters.

In the major period of lord of 3 or the significator for 3 who is in debilitation/combustion/6th, the native will face adversities like bitterness with brothers, folly, loss of wealth and the like.

If both lords of Asdt and the 3rd are posited in enemy signs but in the 3rd of lord of 8/12/debilitated planet or a planet in inimical sign, the native's relations with his brothers will be bitter.

If lord of 3 is conjunct with lord of Asdt and the two planets are friendly between themselves, cordial relations with brothers is indicated.

Lord of 3 in Asdt. which is owned by a benefic and which happens to be friendly to lord of 3 or lord of Asdt being placed similarly in 3rd house denotes good relations amongst brothers. if the above planets are standing in enemy signs, bitterness would result.

If both the lord of 3 and the significator for 3 are in 12th or debilitation, destruction of brothers will occur.

Wealth

If lord of 3 is in own house or in benefic house which happens to be the 10th in company fo a benefic, the native will possess wealth consisting of jewels.

If Venus and lord of 3 occupy signs owned by benefics and have benefic aspect, gain of a good quantity of jewels is indicated.

Courage

If lord of 3 is strong, commensurate with his strength, the native will be courageous.

Sweet/soft voice

If a benefic stays in 3 or there is benefic aspect to 3rd, native's voice will be sweet/soft.

General

If lord of 3 is conjunct with Mars, the native will be speaking truth. If lord of 3 is conjunct with Venus, happiness generally, and particularly with women, is indicated.

Depending on the strength of the planet who happens to be lord of 3, or posited in 3 and planet aspecting 3, the native will be valorous.

During the major period of lord of 3, significator for 3, planet posited in 3 and planet aspecting 3, father, mother & brothers enjoy happiness.

3rd house, planet in 3rd, lord thereof and Mars, particularly the quantum of strength enjoyed by them collectively determines the courage of the native.

House haunted by spirits

If lord of 4th is posited in 6, 8 or 12, which happens to be a sign owned by a malefic and aspected by a malefic, the native's residence will be haunted by spirits or devils.

Loss of house is indicated by the following 3 Yogas :-

If lords of 2, 10 and 12 are associated with malefics and stand in 6/8/12,. Under this Yoga, the number of malefics in association with lords of 2, 12 & 10 indicate the number of houses that will be lost.

If lord of 4th is debilitated and stands in 12/2, whilst lord of Asdt is combust.

Weak lord of 4th in 6/12 whilst a malefic is standing in or aspecting the 4th house.

Loss of mother

If lord of 4th is in 6/8/12 or Moon is very weak/debilitated/combust, loss of mother is indicated.

Whilst the lords of 4th is in 6/8/12, Moon is standing in 3 or 5 hemmed in between malefics, loss of mother is indicated.

If lord of 4th or 4th house or Moon is hemmed in between malefics, without benefic aspect, loss of mother is indicated.

Waning Moon close to Amavasya in 6/8/12 whilst Sun & Mercury are standing in 4th, also indicates loss of mother.

Mother's Longevity

The planet standing in 4th, lord of 4, planet aspecting the 4th and the significator for 4th viz. Moon. If these 4 planets enjoy stay in won/friendly houses or exaltation, possess strength, full span of life for mother would result.
Sloka #19

Prosperity & Longevity

Lord of 9th in 4th, which happens to be Taurus, Libra or Cancer, whilst the rest of planets mentioned in sloka #19 enjoy strength as stated therein :-

The native will possess conveyances, palanquins, enjoy happiness daily, full span of life, paraphernalia, comforts for mother, help from relatives; costly and tasty food daily; respect and reputation.

Bodily Happiness

If lord of 9 is in 9 whilst lord of 4 occupies the 4th, the native will enjoy bodily happiness & prosperity. If at the same time, lord of Asdt is in Asdt or aspects Asdt or a benefic aspects the Asdt, the native will also have a good number of friends, acquaintances and following.

General Happiness

Lord of Asdt in 4th and lord of 9 in 9th or powerful lord of Asdt standing in Asdt denotes that the native will be enjoying happiness in all directions.

Asdt, 4th and 9th are the 3 houses involved in this Yoga. If only two of these are strong, there will be 75% benefic effects; if only one of them is strong, only 25% benefic effects are likely.

If strong lord of 4th is conjunct with lord of Asdt, in their major periods, all travels and journeys will be joyful and happy; particularly the major period of lord of 4th will confer more auspicious results; If lord of 4th is conjunct with lord of 2 and/or 9, there will be gain of wealth and prosperity.

Lord of 4th in 4th whilst lord of 9th is standing in 9th, aspected by Jupiter OR lords of 4, 9 and Jupiter stand in Asdt with strength, the native will enjoy high prosperity and have a pious & benevolent outlook, strength, respect and reputation.

Loss of mother

Lord of 4th, planet standing in 4th and the significator for 4th -- if all these 3 are debilitated or combust and if lord of Asdt happens to be inimical to them, there will be loss of home & happiness. If Moon is weak, debilitated or a combust planet is standing in 4th, loss of mother, servitude with humiliation, frustration etc. is indicated.

Bodily Happiness

If lord of Asdt is in 4th, in the major period of lord of 4th, there will be bodily happiness and growth of relatives.

If strong lord of 9th is in 4th or Asdt or the significator for 4th viz. Moon is similarly placed (in 4th or Asdt), in their major periods, auspicious effects concerning the 4th house will occur.

Even when lord of 4th is in inimical house or debilitation whilst lord of 9th (who is himself in inimical house or weak otherwise) is standing with debilitated or weak lord Asdt, there will be a mixture of good and bad effects in their respective major periods.

Note : The author seems to imply that the connection between lords of 1 & 9 will always produce good results, depending

upon the strength of the planets involved. Since the lord of 4th is very weak in this Yoga, bodily comforts & happiness

will be almost NIL.

If a benefic is in 4th with Moon, the happiness derived by the native will depend upon the significations of the former.

The effects of the 4th house depend upon the strength of lord of 4th, planet posited in the 4th, planet aspecting the 4th and the significator.

Idiocy

Lord of 4 in 6, lord of 8 conjunct malefic whilst a malefic is standing in Asdt or 5th, the native will have no education and will become an idiot.

Education

The native will get good education if the lord of 4th is in quadrant/trine which happens to be a sign owned by a benefic; or is conjunct/aspecting by a benefic; or standing on good number of benefic Vargas.

Lord of 4th in a benefic sign conjunct/aspecting by Jupiter/Venus indicates high academic achievements.

Conveyance

Lord of 4 in Asdt whilst Moon is conjunct with lord of Asdt, the native will have horses for conveyances.

Lord of 4 conjunct Venus indicates that the native will have palanquins.

Moon occupying the vargas of lord of Asdt and having connections with Venus & Jupiter indicates conveyances of 3 different types that will be owned by the native.

Riches

Lord of 9 in Asdt, 4th or 9th whilst lord of 10th is in Asdt or aspects Asdt, the native will become a Prabhu.

Lord of 4 in 9 in company of Venus and Jupiter, whilst lord of 9 is in 4th or quadrants/trines, the native will possess many types of conveyances in addition to having lordship over a country.

Whilst lords of 9 and 10 are united, if lord of 4th is exalted, same results as in the previous Yoga.

Lord of 4 conjunct benefic whilst lord of 9th is exalted indicates that the native will assume position equivalent to a King.

If lord of 9 is aspected by Jupiter whilst lord of 4 is in Asdt, the native will be respected by King.

If lord of 5 is strong and posited in 5, 7 or Asht without a malefic aspect, birth of children is sure.

If lord of 5 happens to be Sun, Mars or Jupiter, occupying a masculine navamsa, sons will be born depending the strength of lord of 5.

In the same way as sons are determined, daughters should be determined through Venus & feminine planets occupying feminine navamsas.

If lord of 5 is in extreme exaltation with navamsa in a masculine sign, aspected by a benefic and without any malefic aspect, many sons will be born.

Even when the lord of 5 is occupying a sign other than 6/8/12, with benefic aspect, and the lord of 5 is strong, birth of children is certain.

No children

Unaspected by benefic, a malefic in 5th of Jupiter/Moon/Asht, indicates that no children will be born.

Malefic in 5th, un aspected by benefic, whilst lord of 5th is hemmed in between malefics, indicates no children.

Adopted Son

If the 5th happens to be a Mercurian/Saturnian sign, conjunct/aspected by Mercury/Saturn respectively, the native will adopt a son.

Loss of children

if lord of 5 is in 8 or lord of 8 in 5, and if there is no benefic aspect on lord of 8th, loss of children will occur.

If lord of 5 is weak whilst Jupiter is hemmed in between malefics and not conjunct/aspected by benefic, loss of children would occur.

Lord of 5 with a malefic whilst lord of 5th is hemmed in between malefics and not aspected by benefic, loss of children would occur.

If there is exchange of signs between lord of 5 and Jupiter, in major period of lord of 5 but in the sub-period of Jupiter, a son will be born.

General

If the significator for children and lord of 5 are both standing in feminine signs, birth of daughter is indicated; if both in masculine signs, sons are indicated.

Either lord of 5 and/or Jupiter in 5th in conjunction of a feminine planet indicates birth of twins --- a boy and a girl.

In the matter of delineations to be made concerning children, the significator for children, viz. Jupiter, is to be given importance; and if Jupiter is in 6/8/12, the effects flowing from the 5th house will be moderate.

Lord of 5, significator for 5, planets posited in 5 and planets aspecting 5th, in the order of priority given --- if these 4 planets are benefics, the native will be highly educated, birth of son is certain, increase of children, luck from children etc. depending on the strength of the 4 planets. Even death of children will occur in their major period, if malefic.

The intelligence of the child to be born has to be determined from the navamsa occupied by the 5th bhava madhya. The languages mastered by the native, prayer, worship, inclination towards philosophy and scriptures are all to be decided with reference to the 5th house.

The planets in conjunction with Jupiter and lord of 5th indicates the habits, temperaments and inclinations of the children to be born.

If lord of 3 and Moon are standing in 5th, aspected by lord of 5th, there will be birth in mother's house.

If the 4th from the sign occupied by lord of 5, or the 5th is occupied by Jupiter, a number of sons are indicated. Mars in 5th from Jupiter indicates loss of children. Saturn's aspect on such Jupiter indicates a few children. Venus

in 5th indicates happiness on account of children. Sun in 6/8/12 conjunct an inimical planet, whilst Saturn is aspecting Jupiter, indicates the native will adopt a child.

General

Benefics cause increase, abundance etc. depending on their strength and goodness. Malefics cause destruction. By nature, malefics and benefics do so. There is a school of thought which believes that benefics in the 6th cause increased sickness and malefics in the 6th cause destruction of sickness, enemies etc. Yavanas, another school of thought, do not agree with them, but hold that benefics in 6/8/12 destroy the effects flowing from that house, thereby indirectly causing good to the native. In view of the opposing views held by many, these houses and the effects flowing therefrom, should be intelligently considered.

Malefics are destroyed by benefics; the aspect from a benefic to malefic has the effect of softening/reducing the malefic effects conferred by a malefic. So also, benefics in 6/8/12 go to destroy the bhava, thus causing indirectly, good to the native. Malefics in dusthana cause more troubles to the native, than otherwise.

If lord of 7 and 4 are conjunct with malefics, number of girl-friends will equal the number of strong planets associated with lords of 7 and 4, in addition to having a wife.

If Venus is posited in 2/6/7 or conjunct with malefics, the native will have girl-friends besides wife.

Death of Father - when ?

Find out the planet or planets standing in conjunction with the lord of 5th and add up their major period years Vimshottari Maha Dasa Years. If there is only one planet in conjunction with lord of 5, his major period years only should be considered. Divide the above major period years by 12; the balance counted from Aries indicates the sign through which --- when Sun passes --- death of father will occur.

If lord of 5 is standing alone, then his major period years only are considered i.e. the major period years of lord of 5 will be divided by 12; the balance left over indicates the month of death.

Now we proceed to determine the date on which death will occur in the month already indicated, as follow :-

Find out the planet(s) standing in conjunction with the lord of Asdt and add up their major period years and divide by 30; the balance counted from the date on which Sun entered the sign indicated above will give the date of death. Where the lord of Asdt is standing alone the major period years of the lord of 5th is again taken into consideration and divided by 30; the balance counted from the date of entry of Sun into the sign first indicated, gives the date of death. In other words, where both the lord of 5th and lord of Asdt are standing alone in a horoscope, the major period years of lord of 5 is divided by 12, to find out the month and then, divided by 30 to find out the date.

In the horoscope given below, the lord of Asdt is standing alone whilst the lord of 5th is in company of Jupiter. Therefore, major period years of planet in conjunction with lord of 5 i.e. Venus (lord of 5) in conjunction with Jupiter - 16 years divided by 12, gives a balance (remainder) of 4 pointing to Cancer Karkata.

Since lord of Asdt is standing alone, the major period years of lord of 5 Venus i.e. 20 years is divided by 30; balance 20 or the death of father is to be expected on the 20th day counted from the date of entry of Sun into Cancer.

The 22nd decanate drekkana is highly inauspicious and denotes all about the death of a native. Professional Success

Mercury in own house or exaltation ensures success professionally, irrespective of whether lord of 10th is exalted or not.

An exalted lord of 10th even if standing in 6/8/12; or Mercury and Rahu in 10th indicates professional success in general for the native.

If Mercury happens to be the lord of 10th and is exalted, the native will be engaged in undertakings for the benefit of the public.

Rahu alone in 10th will cause some impediments and failures in profession.

A benefic with lordship over 10th in conjunction with another benefic, especially Jupiter, indicates that the native will be performing religious sacrifices.

Both the benefic and malefic aspects on the lord of 10th will have to be taken into account in deciding the type and nature of profession for a native.

Jupiter in 10th indicates a native with knowledge and devotion.

Jupiter & Venus in 10th indicate a native who will be engaged in public undertakings, charities and the like. If lord of 10th also joins the said planets in 10th, such a native would give away a large part of his wealth in charities.

Full Moon and/or Jupiter in 10th (if it happens to be a watery sign), indicates especially pious and charitable deeds on the part of native.

Self earned wealth

Lord of Asdt and 10th conjointly stand in Asdt or 10th indicates that the native will have a single-pointed mind and will possess self earned wealth.

Wealth

Whilst Sun Moon Mercury are standing in 10th or 2nd, if there is union of lord of 10th and Jupiter, the native will have wealth comparable to that of a King.

Source of wealth

If Venus and lord of 7th together stand in 10th, wealth will accrue through women.

Saturn in 10th indicates wealth through lower castes.

Rahu in 10th indicates wealth through low class/people following mean professions.

Pilgrimages

Rahu and/or Moon in 10th indicate, depending upon their strength and benefic vargas on which they stand, that the native would be frequently enjoying bath in Ganges or holy rivers. If lord of 10th is weak and/or associated with malefic, the benefic effects will stand reduced pro-rata.

If lords of 10th, 2nd and Mercury are powerful, the native will be performing highly charitable deeds for the benefic of public or do religious sacrifices.

Moon in Pisces/Cancer indicates incentive for pilgrimages. If such Moon were in 3rd, the native will definitely go on a pilgrimage.

Strong benefics in 10th incline a native to perform religious sacrifices.

Charities

Mercury in 12th or dispositor of lord of 12th in exaltation indicates that the native will be doing charities.

Impediments in Profession

If the 3 benefics Mercury, Jupiter and Venus are in 6/8/12 (individually or severally), conjunct or aspected by malefic, impediments in profession and failures are likely.

Respect

In conjunction with Venus, if lord of 10th is in quadrants or exaltation, the native will be respected by all.

Salvation

If lord of 4th is in quadrants in a watery sign with Mars and lord of 10th or Mercury, the native will attain powers of discrimination/thinking of unity of Jeevatma and Paramatma.

Authority

If Mercury and lord of 10th are conjunct/aspected by benefic, the native will be exercising authority.

Sun in 10th in conjunction with Mars, whilst their dispositor is posited in quadrants, indicates that the native will be harsh in exercising his authority (comparable to magisterial powers &c).

Proficiency in evil lines

Whilst the lord of 10th is debilitated, if a native has Saturn and Rahu in 10th or Rahu/Ketu in 12th, he will be an adept in evil lines (counterfeiting etc.)

Fame

A native having Moon in 10th in Parvatamsa, aspected by Jupiter/Venus will enjoy fame.

Fame for a native is assured if one or more benefics are posited in 10th or the lord of 10th is conjunct with a benefic or the lord of 10th is hemmed in between benefics.

Bad Name

If lord of 10th is conjunct malefics or the lord of 10th is standing in malefic shashtiamsa, bad name will result.

Honour

The native will enjoy honour if a benefic is posited in 10th or the 10th house falls in a sign owned by benefic or 10th lord is conjunct benefic. Malefic being associated with 10th or its lord indicates opposite results, including loss of reputation.

The planet posited in 11th, lord of 11th, dispositor of lord of 11th, lords of 2 and 10 and planet(s) aspecting 11th will all confer gains.

The question of gains will have to be considered from both the Ascendant and Moon sign, and the nature of gains will depend more on the nature and strength of the planets mentioned above.

Chapter XII

Sun - Poor financial status; renouncing nature; losses all round; easily gets angry; sad but generous; never-ending sorrows.

Ketu - Ear diseases; diseases on head; puts obstacles into others' undertakings; blameworthy habits; attains salvation in the end.

Expenses

A powerful benefic in 12th indicates expenses in the right directions; malefics indicate expenses in wrong directions, losses and wasteful expenses.

If lord of 12 is stronger than lord of 11th, the native's expenses will be more than his earnings. If lord of 11th is stronger than lord of 12th, income will be more than expenses.

If both are of equal strength (For instance, in the case of Pisces Asdt), income and expenses will be equal.

If there are no planets in 12th, determine effects of this house from the lord of 12.

The effects or predictions concerning Yogas etc. not covered above, will have to be intelligently delineated by the wise astrologers.
